Safety Message Floor Tape

Help organize and guide people in your workplace to improve safety through distancing policies. This tape provides a visual way to promote the concept of keeping well away from others to reduce the chance of transmission. The repeat is every 22" so you can display the message length as needed. The Slip resistant clear over-lamination provides an anti-skid surface for floor graphics while offering long-term wear protection.

Indoor Grade Anti-Slip Floor Signs

These high visibility graphic floor signs provide a constant reminder to your employees about important Workplace Hazard, Safety Requirement and General Notice information details. Constructed from a high quality adhesive VynMark stock, we laminate a thick textured material to these signs for added durability as well as slip resistance. The sub-surface printed images provide extended durability and will stand up to heavy pedestrian traffic. The aggressive adhesive will adhere to most smooth, clean and dry floors.

Outdoor Grade Ground Graphics

Outdoor grade high visibility slip-resistant graphic ground signs provide a constant reminder to your employees and customers about important workplace hazard safety guidelines. Constructed from a high-quality conformable outdoor grade media with special construction for bonding to outdoor surfaces such as asphalt, concrete, stairs, stone and metal. Typical outdoor life-span of 12-months under most conditions, with a recommended application temperature of 50 – 95 °F to clean, dry outdoor surfaces, then firmly pressed to conform into the mounting surface. Intended for applications with pedestrian traffic only, vehicle traffic will greatly reduce the longevity of this product.

A-Frame Standing Floor Signs

The A-Frame standing floor sign is the best way to give a clear warning of a temporary hazard or communicate a message to pedestrian traffic. Printed both sides so the message is clearly visible from both directions and made from durable lightweight plastic. This design also allows the user to collapse the sign and lay flat for easy storage when not in use. Don't see the message you need? Contact us with the details and we will print the wording you require.

Floor Marking Conformable Tape

Our Floor Marking PVC (vinyl) Tapes are made from a durable vinyl film with a rubber adhesive system that will adhere to most any clean, dry surface. Vinyl offers a matte smooth conformable tape that is great for marking hazards on floors, walls and equipment. Commonly used in aisle demarcation, color coding and pipe banding applications. All tapes are made in a wide array of OSHA colors that meet ANSI Z535.1 and offer excellent durability and chemical resistance.

STOP DO NOT USE Removable Adhesive Labels

Distancing policies and procedures may continue to be a part of our everyday lives for some time to come. The need to increase spacing for customers and employees in the workplace or retail environment will be an important part of this. These short-term removable adhesive labels that can be applied to a wide variety of hard surfaces to help give guidance to people on what not to use. The labels have an aggressive, but removable adhesive that should adhere well to most hard surfaces. The labels are over-laminated for protection and to improve durability if they need to be cleaned. Common uses would be in restaurants, gyms, medical offices, retail stores and office workplaces. As with any adhesive product, we recommend that you only apply these to hard surfaces and test in an inconspicuous location prior to use for your intended application. Labels are sold 25/pkg.
